I don't have my ducks in a row. I have squirrels, and they are everywhere!

This was recently seen on a t-shirt ... and captures church ministry completely!

Working with so many different people from so many different backgrounds with so many different needs can be challenging. With so many different interests and so many different levels of faith, there are bound to be so many different opinions about how the church can grow.

How's a simple, gospel-believing church to compete? Our worship services will never be as loud or entertaining as some groups. Our programs and events will never draw like bingo or bands. Even Jesus knew that a large percentage of his crowds were gathered only for the free loaves and fishes. Yet, our mission is still to *"go and make disciples"* in ever-increasing secular world with ever-shortening attention spans—ours as well as those we would reach.

Somehow, we must rally and focus our army of squirrels long enough for them to be motivated to convince squirrels out in the world that the acorn that God offers is the only one to pursue.

How can we do that? Love. Love like Jesus!

Just before He goes to the cross to die for us, Jesus took off His outer garment and washed His disciples' feet—like the lowliest of servants. Then, when He was finished, He explained by saying, *"For I have given you an example, that you also should do just as I have done to you."* That's His love ... and the way forward for the church to grow.

For a few verses later in the same chapter, Jesus said, *"A new commandment I give to you, that you love one another: just as I have loved you, you also are to love one another. By this all people will know that you are my disciples, if you have love for one another."*

Fancy fliers and grand gimmicks help, but if our squirrels loved like Jesus and let that love spill out to all the squirrels around us ... then they'd scurry into our nut house.
