

A Huge Thank You!

GEOFFREY, MERU, KENYA
18TH MAY, 2018

Dear Church,

Greetings in the name of our Lord Jesus Christ.

I am writing to let you know that the Church here in Meru and I, greatly thank you all for finding it worthy to help us purchase the electronics we needed for worship. We have been able to receive the speaker and the microphones. The projector is yet to arrive at the dealer store we placed our order with.

Allow me to share with you a few images of the items we bought and more.

...Jeremiah and I with the electronics

...looking for a home we could test our machines at.

...one of the homes we found with electricity.

...the wireless microphone

...the head microphone (wireless).

...the third microphone (wireless).

...the transmitter

...the speaker with inbuilt amplifier.

...doing the connections for testing

...Jeremiah mic testing from a distance.

...then we had company!

...now everyone had an announcement to make!

...we even took selfies 😊

...there was joy to the kids of this home.

...the market place where Meru Church of Christ meets.

...Jeremiah and I relaxing at the market place.

...sometimes we get company.

...the mech in the house!

...no idea what Charles was trying to fix.

...said the vehicle was good to go!

...so we drove home

...with my mechanic!

...wife and son taking photos of elephants on the way home.

...even took selfies.

*GLORY BE TO
GOD...AMEN.*
